

Contractors from Finland

Antti Hietakangas

Road marking committee Finland

Road marking committee Finland

- Started up by contractors
- Other stakeholders are also involved
 - Consultants
 - Material suppliers
 - Finnish Transport Agency
 - ELY (Centre for Economic Development Transport and the Environment)
 - Municipalities
 - University of applied sciences
- Finnish road marking conference

Road marking committee Finland

- Day for Safety and Health at Work 2018
- Safety inspections in other contractors working places (on the road)
- Safety video

ELY contracts from contractors side

- Good cooperation before tender process
- Offer process started earlier than before
- Long – term maintenance contracts
 - Contract length is from three to four years
 - Potential option could be used for one to two years
- No need for road marking trials
 - Possibility to make new innovations also to materials

ELY contracts from contractors side

- Climate conditions
 - Start time of Road marking season
 - Ending of Road marking season
 - Winter maintenance
 - Late season paving
- Contract documents / Contract spirit
- Tight market

Future

- Retroreflection requirement for wet conditions
- Friction requirement for materials
- Future of maintenance contracts
